### AFFAIRS IN BROOKLYN.

THE WATER SCANDAL UP IN COURT. ARGUMENTS FOR THE MOTION TO SET ASIDE THE COMMISSION'S REPORT.

Judge Pratt heard the arguments in the Supreme Court yesterday for the motion to set aside the report of the commission which valued the plant and franchises of the Long Island Water Supply Company at \$570,000. The majority of the commission of five made the award, and the other two members placed a value of about \$1,800,000 upon the property. Ex-Corporation Counsel W. C. De Witt argued the case for the company. He held that the ground taken by the majority of the commission that the company had no exclusive rights, so that its fran was of no value, was untenable, and the report should be set aside. The claim that the company did not acquire a right in the nature of a contracto purvey water by its franchise would, if sound abrogate any franchise by the payment of a sun equal to the actual outlay for it. Mr. De Witt held that the charter of the company granted to it an exclusive franchise for the term of its corporate existence. It was a contract with the State, and the United States Constitution provided that no contract should be impaired by law. It was a common law contract that State legislation could not annul or The exclusive right of the company was also affirmed by the law annexing New-Lots to Brooklyn. He further argued that the commission was bound to award an amount sufficient to pay the actual market value of the stock and bonds of the corporation, and the failure to do this was fatal to the report. The argument further attacked the method of receiving proof adopted by the commission after E. M. Shepard took the place of G. G. Her man on it. The intimation was given that the case might be carried to the Urited States Supreme Thomas E. Pearsall, in behalf of the company

presented a brief on the point stating that the the commission was invalidated by the fact that mward Rowe, one of the members of it, was als a member of the Board of Education. He said that the appointment was in direct violation of the statute, and that the disqualification could not be waived on either side. It was not necessary to show that Mr. Rowe had been improperly influenced by holding another office, and there was no reflection upon his fairness or integrity, but the objection, if valid, would prevent the collection of the award.

The motion for the confirmation of the report was made by ex Judge George G. Reynolds and Alwas made by ex-Judge George G. Reynolds and Albert G. McDonald. The latter said in reply to Mr. Pearsall that while the appointment of Mr. Rowe on the commission might make vacuat his place on the Board of Education, it would not work the other way, and his helding a pestion in the Foard of Education did not affect his commissionership.

Ex-Judge Reynolds argued in opposition to Mr. De Witt that the company had no monopely of the Twenty-sixth Ward, and the commission's report was correct in so finding. Decision was reserved.

THEY THINK THE DEPARTMENT EFFICIENT. The Fire Department Investigating Commission resumed its work yesterday afternoon in the Municipal Building and fistened to what several business men had to say about the work of the firemen is respond ing to fire plarms. Joseph Wechsler, Louis Liebmann. Albert Ammermann, Herman Liebman, Abrahan Abraham, Isone Mason and James Matthews, all wellknown business men, testified that they believed the Fire Department efficient in its rank and file, and that the action of the Insurance Tariff Association in raising rates was not justified. Some of than thought that an increase in the size of the department was demanded, and that a fire patrel should be sup-plied.

NEW OFFICERS OF THE UNION LEAGUE. The annual election of officers for the Union League

Club took place last evening at the clubhouse in Bedford-ave. Charles S. Whitney was elected to succeed Howard M. Smith as president. The other officers chosen were: First vice-president, William H. Williams; second vice-president, John H. Burtis; treasnrer, Frederick J. Middlebrook; executive committee (three years). Francis H. Wilson, Russell Parker in F. Blair, Charles F. Russell, Henry C. #### PEACHES FROM THE CAPE OF GOOD HOPE. In a fruit store at John-st, and Broadway there was

exhibited yesterday the first peach of the senson. It looked exactly like a California peach. It had travelicd, however, many thousands of miles more than the ordinary California peach does. A little over four weeks ago, the peach was growing in an orchard at the Cape of Good Hope, and, with a few dozen others of its companions, was packed in wood and sent on board the steamship Methyen Castle, bound for Southampton, England. On arriving at that port, the fruit was at once sent to Liverpool and came across the Atlantic on board the steamship Paris. The fruit, when unpacked, was found to be in excellent condition, and in flavor and appearance to closely resemble the California peach. The shipment was simply an experiment, but, as the fruit yes e day were selling for \$1 each, it was learned that in all probability more peaches, etc., would be sent from the Cape next year, to reach here about January. Feb-quary and haren, months when it is impossible to get the fruit from any orchards on this continent.

MAKING GAME OF BELLIGERENT BROKERS.

It is said that there will be no official notice taken by the Stock Exchange of the "scrapping match" between Islder Wormser and Charles E. Chapman, which occurred on Wednesday. No complaints have been filed and the extreme popularity of both members of the two men to furnish all the evidence necessary for a vindication. But the jocular part of the affair could not be forgiven or forgotten by the wags of the Exchange. The quiet state of stock market affairs per mitted the gathering of a large crowd around the Reading post after the "gong" sounded. "Dick" Halstead was the leader as usual and a frantic clamor began for Reading shares, which ended in an unofficial close at 80, which is about 52 points above the actual business figure and about seventeen million per cent above the extravagant ideas entertained by the bears as to the value of the stock.

# HOW ZERBI, THE ITALIAN DEPUTY, DIED.

Soon after the breaking out of the Italian bank scondals, which have been nicknamed the "Italian Panams," Signor Rocco de Zerbi, a well-known journal-lat and a Deputy, died after a short illness. As he was suspected of having acted as an intermediary between the banks and the Ministers and Deputies was rumored that, like Baron Reinach in Paris, Zerbi him as a perjurer, and Justice Kilbreth had him had committed suicide. This report is fully contradicted by the particulars contained in a letter from Rome, dated February 20, and published in "Il Progresso Italo-Americano," of New-York. The letter charged by Recorder Smyth at 4:20 p. m. yesterday,

Deputy Zerbl, who had been suffering for some time with heart disease, their this morning at 4.4.5 or thore, since yesterday his case had been regarded as hoppiess. The left side of his body was swollen, and his neck still more swollen. He breathed with difficulty, and with the help of oxygen, and his respiration was slow and stertorous. His delirium was almost continual. "No, no," said he, with sighs, "you must not soil my life; I am innocent. You must clear me, because of the absence of guilt. I am innocent." In a lucid interval he said that he had dreamed that Judge Caprido had visited him and amounced his release, for no evidence could be found against him. But he wanted a complete vindication. He fell again into delirium, and he often repeated the name of Crispi, among the names he mentioned. His condition was not regarded as immediately critical at 2 o'clock in the morning, since the foctor stated that no change need be expected until the next day. At 3:30 o'clock, however, the breathing became heavier, and Zerbi died, his hand clasping the hand tof his wife.

### THE FEAST OF PURIM ENDS TO-DAY.

IT WAS OBSERVED BY HEBREWS IN ALL PARTS OF THE CITY.

The feast of Purim, which is celebrated by He brews all over the world, was begun Wednesday a sundown and ends this morning. The Hebrews, it order to commemorate the deliverance of their fore-fathers from destruction, in the days of King Haman astituted a feast to last during the fourteenth an fifteenth days of the month of Adar, according to he book of Esther.

pers. The East Side was not as gay, however, as on Chanaka. In many Hebrew families there were masquerade balls and readings from the book of

untes of the Home for Aged and Infirm Hebrews in West One-hundred and fifth st. A number of the friends of the home called and inspected the home and helped the old people enjoy the day. Yester day's entertainment, however, was only a forerunner of the celebration which is to take place next Sunday, at 3:30 o'clock p. m. On that day, the old people, 157 in all, are to be entertained at a concert and dinner.

The Purim Association will hold its annual charity ball next Thursday at the Madison Square Garden.

# REPUDIATING HAMILTON WILLCOX.

MRS. BLAKE SAYS THAT HE IS NOT CONNECTED WITH THE WOMAN SUFFRAGE LEAGUE.

"I want to say," said Mrs. Lille Devereux Blake at the meeting of the New York City Woman Suffrage League at No. 125 East Twenty-third st. last evening, "that the person who affects to represent the Woman's Suffrage party in this city has no connection with this league. The Woman's Suffrage organization in this country is strong. There is a National league to which the State leagues are auxiliary, and town and city leagues are auxiliary The person who pretends to be at the head of the movement for woman's suffrage has no connection whatever with any of these learnes." Mrs. Blake said after the meeting that the "per son" referred to was Hamilton Willcox. "If there is a great secret organization of which he is the head," she said, "I have never heard of it. I have positive information that a letter in Mr. Willcox's possession, purporting to be from Elizabeth Cady stanton, commending his work was not written by her at all." Other members of the league also expressed indignation at Mr. Willcox's course.

Giles B. steblins, of Detroit, delivered an address on the subject, "What is the Use of Woman suffrage!"

# THE TALLON JURY DISAGREES.

The fact that the jury in the case of Park Police man Michael F. Tallon could not agree throws no particular credit on the prosecution of the case. He and Mrs. Lillie F. Coleman had long been intimate. On November 16 they took a walk together. Each asserts that the other had been annoying him or her. The woman went to a police station to have him arrested. Tallon had her locked up on a charge of soliciting, and swore to the complaint in the Yorkville Police Court. His own admissions stamped

The case was tried in General Sessions. On Wednesday at 5 p. m. the jury went out. It was disunable to agree. At first the jurors stood seven to five for a conviction: then eight to four, aims to three, and, finally, ten to two. James Elliot and Francis B. Frethingham lamp out, and could not be wen over. Tallon's ball was fixed at \$1,000.

PLAINFIELD.

HE SHOT POINT-BLANK AT HIS DAUGHTER. A seventeen-year-old daughter of Henry Wendel, of Dunellen, had a narrow escape from instant death at the hands of her infuriated father early yesterday morning. Wendel keeps a hotel in the town and has been noting strangely of late. According to Miss Wendel's story, her father suddenly drew a revolver and fired twice point-blank at her head. The first bullet struck her forehead in a slanting direction. and the second passed through her dress at the Neither inflicted serious injury, and the girl managed to escape from the house with the other inmates without being harmed. When a constable went to the place to arrest Wendel he found the doors and windows barricaded, with Wendel benind them, threatening to shoot any one venturing to force an entrance. After a long parley the angre man was conxed to give up his firearms and accompany the officer to Justice Huffe's office. The accused man was held in heavy bail to await the action of the Grand Jury.

The Newark Gas Light Company, the Citizens' Gas Company and the Newark Electric Light and Power Company yesterday made a ten years' contract with the city of Newark. The gas companies agree to furnish gas to private coasumers at \$1.40 for 1,000 cuble feet and to the public buildings at \$1.25. The electric light company will light the 2,000 street lamps for 35 cents a right for each lamp.

#### JERSEY CITY.

The tenement-houses, Nos. 712, 714 and 716 West Newark-ave., were destroyed by fire early vesterday morning. The lower floors were occupied as stores. The total loss is about \$10,000, which is only partly covered by insurance. Two of the buildings were owned by Anna de Buch, of New-York. The fire statted among some paper stored under the stringay of No. 716, but how the paper took fire could not be learned.

Ex-President Hayes did not carry a watch, the reason for which peculiarly illustrates one of the traits of his character. It appears that in his counser days the watch be then carried was the ranse of sending two men to the penitentiary. It was stolen from his pocket, the thief was captured, tried, convicted and sentenced to a term of years. Mr. Hayes recovered his watch, and a second time it was stolen. The thief turned out to be a poor man wit a large family, and after he was sent to the penitentiary Mr. Hayes came to the conclusion that he would get rid of the cause of so much trouble to his fellow men. Since then he never owned a watch.—(Boston Herald.

### Solid Silver Gorham

The Isabella Ring is destined to become one of the most popular and valued souvenirs of the Columbian year. It will be treasured, not merely on account of its intrinsic value and its uniqueness as an ornament, but because of its suggestiveness as a symbol of the great discovery and its 400th anniversary. The ring is artistically made of solid silver, and upon it are shown in bold relief the Royal Insignia borne by the banners of Columbus-the initials of their Majesties of Spain, each surmounted by a crown. The Isabella Ring will be the souvenir of the World's Fair.
